Grenlandia and Jerzy Bialobok

Ladies and Gentlemen,

This mare could be yours! Grenlandia, Albula, Petycja, and all the horses proudly nominated for the thirtieth Polish Prestige are the result of 200 years of Poland's breeding tradition and fascination with the Arabian horse. The 43 lots are an excellent representation of the Polish breeding concept which produced multitudes of show and racing champions, great horses that are the cornerstones of Arabian breeding worldwide.

But what is this Polish breeding concept? For centuries, since the first Arabian horse arrived in Poland, generations of Polish breeders have kept the same long term goal to breed complete Arabian horses with all the features that make the Arabian breed unique. These include desert beauty and type, the stamina and strong conformation of a war horse, the brave heart of a racer, and the kind disposition of a family horse. We not only produce race and halter champions, the Polish concept is to breed complete Arabian horses and care for them with traditional, gentle horsemanship.

Yes, we are very proud of our horses. Ladies and Gentlemen, welcome to the Polish Arabian Summer Festival 1999 and the thirtieth Polish Prestige Sale. We have some great horses for you.

This top Polish mare sells at the age when Polish mares look their best, in the bloom of maturity.

BULWA

Polish National Junior Champion Mare, Best in Show 1995. Albula won those titles against the tough competition of European Champion Mare Eskdawa and Polish National Champion Stallion Ecaho. Just like her dam, the great ALGERIA, Albula represents the best qualities of the Janów Kuhailan type. Great temperament, beauty, and fantastic motion forecast for her further show success. In 1999 Albula proved her breeding potential by producing her first foal, an excellent filly by Eukaliptus. No wonder Albula is offered bred back to Eukaliptus and is considered one of the superstars of the Jubilee Polish Prestige Sale.

The excellent snow-white Antwerpia belongs to the elite Janów Sakiw group. She is of good caliber, type, and motion and has proven herself as a broodmare. Only the fact that Janów has three excellent Antwerpia daughters – ANEKSJA and ANTENA (by Bandos) and ANDALUZJA (by Sanadik El Shaklan) convinced the Janów breeders to include Antwerpia in our Jubilee offerings. A wonderful mare, in the best of her productive years.

Fuma is another exciting MONOGRAMM daughter offered by Michałów in the Jubilee Polish Prestige. Modern in look, tall, with natural free action she is a great prospect both in halter and performance competition. Her pedigree with two crosses to superb COMET, shines with a number of other famous Polish names of worldwide recognition like BASK, EL PASO or PROBAT. Michałów breeders decided to breed Fuma to EMIGRANT, one of the best new sires of Poland.

Oaks winner Farah-Buffi was nicknamed "Brave and Beautiful" by journalists, when in 1994 she won this prestigious race. This was a historic event — first time after World War II a Polish private bred filly won in a tough competition of the best fillies of state studs. Farah-Buffi is what the Polish breeders are striving at: a perfect blend of type, beauty and racing stamina. This young mare with a very good racing record is a daughter of excellent broodmare ELEKTRODA. Elpera's sire PERS was a chief stallion at Janow and Bialka in Poland, and also at Blommerod Arabstuteri, Sweden, where his offspring includes several national champions. Elpera, a good-size mare, typey, and correct in conformation, is expected to be an excellent broodmare and is especially recommended for race-oriented programs. Pelisa is a very sweet and correct mare; blood-related to the best Janów horses. She is the daughter of Europejczyk (1988 Polish National Champion Stallion and 1986 Race Horse of the Year) and of Perelka (1989 Polish National Champion Filly). Pelisa is assured a bright future as a broodmare who will pass along her excellent motion, desert type, and stamina. Pelisa comes from the famous Janow family of Wlodarka (Ofir, Kewa) who was expatriated to Tersk during the Soviet invasion in 1939. Her daughter PIEWICA, imported to Janow in 1958, established a valuable family in Poland and in France. She is a full sister to PROWIERKA, the second dam of the US National Champion Park Horse PROWIZJA. Pelisa's grandmother Pentoda, (1983 Polish National Reserve Champion Mare) is the dam of Penicylina (sold at the 1985 Polish Ovation Sale for \$1.500.000).

A correct, young mare, Falba inherited great freedom of movement from the dam family of FORTA, one of the most remarkable broodmatrons in Poland, the dam of 9 sires and 9 broodmares, the family known for excellence in racing. This heritage should result in Falba's great show prospect in performance classes. To add to Falba's allure, her first foal, a filly by Eldon, suggests her outstanding breeding potential.

Eklipsa is a daughter of FAWOR, 1983 World Junior Champion Stallion, the 1984 International Animex Cup Race winner and the 1990 Polish National Champion Stallion. She is also a granddaughter of beautiful, black EQUITANA and great granddaughter of ALADDIN, US National Champion Stallion. Eklipsa comes from the internationally famous family of ETNA, the dam of five sires: ETAP and ETERNIT used in Poland, ETNOGRAF in Sweden, ETAN in France and in the USA, ETIW in the USA (US and Canadian Top Ten). The most famous Etna daughter is ETRURIA, Polish European and World Champion Mare, the dam of sire ECAHO.

The combination of great race performers and beautiful horses in Eklipsa's pedigree made Janow breeders convinced that she should be bred to Wojslaw, sire of racing horses. The expectation is for a pretty foal with a racing potential.

Frejlina again is a perfect example of the Polish breeding concept. A remarkably beautiful mare with a very good race performance. She is also a very good broodmare. Named on the occasion of the General Meeting of the European Conference of the Arab Horse Organisations held in Poland in March 1991 when presented at his mother side in Janów Podlaski to the Conference participants thrilled with his presence, quality and movements. ECAHO is the most classic representative of his top root male strain of desert bred IBRAHIM and the closest replica of great SKOWRONEK. This most promising young sire, the result of proven "Diamond Cross" Bandos — Palas exemplifies the sublimate of the most desirable features in the Arabian breed — classic Arabian type, model conformation and sweet disposition. He proved those qualities when shown first time on international level and named best 4-6 years old stallion at the 1996 National Cup in Aachen. ECAHO is the consequence of mating two great individuals — PEPTON, 1981 Race Horse of the Year, winner of 9 stakes incl. Criterion and Produce, 1989 Polish National Champion Stallion and sire of stakes winners; and ETRURIA — 1982 European and World Champion Mare, 1988 European Reserve and Polish National Champion Mare — "Grande Dame" of Polish breeding, also dam of ENARIA — 525.000 dollars mare at the 1985 Polish Ovation Sale in Scottsdale, ETMAN — 1992 Swedish National Champion Stallion and 1996 Blommerod International Show Reserve Champion Stallion, one of the most prominent sires in Sweden; and ETOGRAM — "Best in Show", 1994 Polish National Champion Stallion, 1996 Swedish and Norwegian National Champion Stallion. ECAHO first foals look exactly like his father — exquisite type, superb body and proud look, and have proved already their show quality: ZIEMOWIT, ZYGZAK — Top Five Colts at the 1998 Polish Junior Male Championships in Białka; PORANEK — 1999; and EMANDA — 1998 Białka Junior Spring Show Reserve Champion and 1998 Polish National Junior Reserve Champion Mare.

HARBIN exemplifies the Polish breeding philosophy — to breed the beauty and stamina in one. HARBIN — 1997 Reserve Race Champion when beaten only by his stable mate famous DRUID — is the result of the "diamond" Bandos — Palas cross; the Arabian of classic type, proud look, beautiful body and elegant, high action. He is considered as the successor of his great sire EUKALIPTUS, whose daughters — Polish, European and World Championesses PASSA, EMANACJA, EMIGRANTKA, ERLANDA, LARISSA, GRENLANDIA — belong to the world most treasured Arabian mares. HARBIN represents two most precious Polish dam families of EUNICE and BALALAJKA — BANDOLA, the dams of the top Polish sires like: EUKALIPTUS, EUBEN, EUNIZAR, EUROPEJCZYK, BAJRAM, BASK, BANDOS and BANAT. His first 1999 babies look exactly like their father — very typey, with proud look and lovely presence.

The first ARBIL son used in Polish breeding to continue the precious KRZYŻYK d.b. — BANAT line. WACHLARZ — beautiful dark bay of exotic head, with lovely arched neck, very typey, looking like Prince Josef Poniatowski's famous Arabian Stallion SZUMKA. WACHLARZ's pedigree consists the perfect balance of Kuhailan and Saldavi strains. He carries the athletic features and great body of his male ancestors and touch of beauty and refinement through his female tail line when double crossed to ASWAN. WACHLARZ's dam family belongs to the Poland's most esteemed and distinguished itself by producing several Champions incl. US National Champion Mare — WIZJA, Polish National Champions — WENERA, WOJŚLAW and WIAZMA, Swedish National Champion — WENEDA and Polish Top Five Mare — WENDETA. WACHLARZ is a paternal brother to the Polish National Junior Champion Fillies — WIAZMA, DZIECIELINA, ALBA and EULA. WACHLARZ's foals prove their sire genetic strength when showing same superb qualities, like FERRYT — 1999 Polish National Junior Champion Stallion.

WOJSŁAW — 1991 Polish National Champion Stallion and 1997 Champion Racing Sire of stakes winners — is an exceptional sire with very special value to the Polish breeding program. WOJSŁAW is the result of idea to complete the Bairactar d.b. line in Poland by bringing back the bloodline of ARAX, the most influential sire at the Tersk Stud in the last decade. WOJSŁAW represents the most famous dam families: TARASZCZA (born in 1937 at Janów Podlaski, dam of NEGATTW) and WARMIA (lovely COMET daughter, dam of WIZJA — US National Champion Mare, and WILEJKA — 1982 Polish National Reserve Champion Mare, also dam of WILNIANKA by Tallin — 1989 Polish National Reserve Junior Champion Mare). His get confirms the breeders expectations and WOJSŁAW's qualities as a superb sire. WOJSŁAW is passing along to his offspring enormous athletic abilities, size, frames, length of neck and excellent overall conformation. As an examples are: Oaks winners ESTELKA and phenomenal racer DRUID — winner of 11 stakes incl. Produce, DERBY, twice Europa Prize Int I and twice Criterium Stakes; and best of them all — exciting EMANOR, 1998 Polish National Champion Stallion and "Best in Show", 1999 Scottsdale, USA Champion Stallion 4-6 y.o. and raising star at United States' show ring.

PAMIR was an incomparable racer, winner of five important stakes including Derby. The outstanding quality of PAMIR's foals, and their spectacular wins at the race track and at the show ring confirm his great breeding potential exemplified by: EMILDA — 1992 Polish National Junior Champion Filly, 1996 and 1997 Polish National Reserve Champion Mare, the highest selling lot (200,000 US dollars) at the 1998 Polish Prestige Sale; BATYSKAF — 1994 Race Horse of the Year, Derby and Criterium winner, 1996 Polish National Champion Stallion, sold at the 1997 Polish Prestige Sale for record price 450,000 US dollars to the State Studs of Turkey; GEPARD — 1995 Race Horse of the Year, Derby and Criterium winner, track record holder; and ALT — 1996 Swedish National Reserve Champion Stallion and 1997 Blommeröd Scandinavian Open Championships Reserve Champion Stallion.
